Newbrook good news story

Long term Job Club member, Jamie Lee Sutton, from Airds, has found a full-time job after committing to upskilling and confidence building. She's attended many courses, created a resume, and participated in the job applications process - all whilst raising her three children! In March this year, Jamie embarked on her employment journey and secured full-time employment at a motor vehicle company in Campbelltown.

Jamie said, "It is absolutely exhausting doing such long hours, but it's really exciting and I'm really happy".
