

16 December 2025

Dear resident

Upcoming road condition changes – Dobell Road and Gidley Crescent

We are making changes to road conditions on Dobell Road and Gidley Crescent to build a new roundabout at the intersection. This upgrade will improve traffic flow and safety along both roads.

Key changes

Gidley Crescent closure

We will close Gidley Crescent between Colquhoun Way and Dobell Road from early 2026 for approximately 6-8 months. During this time, you can access Dobell Road via Arkley Avenue and Glenroy Drive.

Dobell Road works

We will carry out works along Dobell Road between Colquhoun Way and Carter Place from early 2026 to mid-2026. Two-way traffic will remain in place with the assistance of traffic controllers.

Temporary relocations

We will temporarily relocate the Claymore Public School Kiss & Drop zone and bus stops along Dobell Road during construction. Please refer to Figure 1 and 2 over the page for indicative changes, noting these may change.

We will issue another notice in the new year to confirm the exact start date for these changes. Thank you for your patience and understanding as we deliver these important improvements.

If you have any questions about these changes, you can contact Amber Clarke, Communications and Engagement Officer on 02 9841 8659 or aclarke@landcom.nsw.gov.au

Yours sincerely
